Learn to code Pong, Breakout, Flappy Bird, Space Invaders, Snake, BattleShip etc.! 425

ZX Spectrum Games Code Club – Gazzapper Games

Fast forward to the present day and ZX Spectrum Games Code Club by Gary Plowman uses program listings in the same BASIC language we used back then as a tool for teaching yourself the rudimentary skills needed to code, using – and here is the best part – an actual ZX Spectrum or a Spectrum emulator. And this is why I am so enthused about this book.

ZX Spectrum Games Code Club by Gary Plowman - review ...

In 2015 Florinthedwarf did a big review write up of Gary Plowman's fabulous coding book ' ZX Spectrum Games Code club ', which is a top quality guide in programming in BASIC on the ZX Spectrum, just as many people did way back in the 80's and still do today. In actual fact the book included twenty BASIC games for you to type-in and enjoy.

setup called ZX Spectrum Code Club. Or if you are already a member of a ZX Spectrum group simply post your questions there (if the rules allow). The listings were coded in a way to make the most of the speed limitations of Sinclair BASIC (within reason) so that the games are playable and hopefully fun too.
